Meeting called to order at 7:06 p.m.

A. Approval of Agenda
KK: Motion to approve agenda. DB2. Vote: unanimously approved.

B. Secretary’s Report (September 6th)
CMac: Motion to approve Secretary’s report from September 6 meeting, as written. KK2. Vote: 4 in favor; 1 abstain (DB).

C. Citizens Speak
None present.

D. Budget Report
Margaret distributed the Budget Report via email. Nothing out of the ordinary to report.

E. Director’s Report
Margaret distributed the Director’s Report via email. There were a lot of programs in September and most have been well attended. There are many interesting programs coming up in October as well, including the Friends book sale.

DPS is going to replace the back-entrance handicapped sidewalk with heating elements underneath. The intent is to prevent ice from forming on the sidewalk in the winter. This will cost much less than constructing a roof over the ramp.
F. Old Business

Front parking lights
The outdoor lighting may be violating light pollution laws. John Foresto will talk to the Town about hiring an expert to do light analysis. We can use left over money from the carpets to fix and/or upgrade the lighting.

Wiring Cole Room and conference room for video recording
Still waiting on other jobs to finish.

MakerSpace update/discussion
John recommended that in our FY18 budget requests, we should request funding for a 19-hour person to be a dedicated Makerspace coordinator. Margaret will craft a job description for this position.

The funds earmarked for the Library from Karen Spilka haven’t been revoked or released. In December or January, if the state decides to release the money, we will receive those funds.

The Makerspace is going well. There have been many certification classes for sewing machine, knitting machine, and soldering iron.

MakerSpace logo – Margaret discussed the idea of a logo contest with the staff and the Friends. The consensus is that Diane Busa will work with Lorie to create a logo.

Repurposing remaining money from carpet budget
As discussed above, our first priority for these funds is to fix the outdoor lighting. Margaret will not be submitting a warrant for fall town meeting. Once we have recommendations from the lighting company, then Margaret will submit a warrant for Spring TM to use the leftover carpeting funds for lighting. The money will not go away.

G. New Business
None discussed.

H. Special Programs, Fundraising, Sponsorships
None discussed.

Children’s/YA Librarian Report:
There were 25 children's programs in September, with 600 people attending (adults and children). One Teen program had 9 participants.

Lucy ordered fiction for the J, Easy and YA collections. The total spent so far this fiscal year for books is $5968.31.

Building
The annual state elevator inspection will take place in October.

DPS finished removing the broken stairs and replacing the walkway on the left side of the building as you face it from the street. They were able to make the slope meet accessibility standards. The walkway as a whole is still not accessible because there is another set of stairs at the end. They plan to replace the handicap ramp at the back of the building, incorporating heating elements under the cement. This will be far less expensive than building a roof over the ramp.

Minuteman Library Network replaced the router with a faster model.
